

Clear Choice Clinic presents

EXPANDING

your scope of care

Adding STI Services to your Clinic

WORKSHOP

WHAT TO EXPECT

Clinics from around the nation have seen **Clear Choice Clinic** as a trusted source of knowledge and training as they seek to add STI testing and treatment to their scope of care. We welcome you to join us and learn how you can **enhance** your pregnancy medical clinic by implementing this **valuable** service.

OUR TWO DAY STI TESTING WORKSHOP INCLUDES BOTH DIDACTIC AND CLINICAL INSTRUCTION:

■ DAY ONE

An instructive workshop will equip nurses, executive directors and CEOs, mid-level providers and physicians, as well as support people with the tools needed to implement STI testing from a clinical and administrative level.

■ DAY TWO

Nurses and medical professionals will don their scrubs and participate in the clinical experience as they shadow our nursing staff, and sit in on patient appointments. Administrative personnel will spend time digging into the organizational aspects of adding this important service. As a medical clinic accredited by the AAAHC, we have confidence that you will leave this training feeling equipped to offer comprehensive and professional care.

■ OPTIONAL DAY THREE

An additional clinical day is available for nurses, immediately following day two of training. The focus will be tailored to cover Pregnancy, STI, or Pregnancy and STI patients and patient flow. The cost for this additional day is \$100 per attendee.

“Clear Choice Clinic is the gold standard
and is setting a great example for thousands
of pregnancy medical clinics across the U.S.”

—Lorraine Mazurek, *Your Solutions Now*

WHY STI TESTING

Adding STI Testing and Treatment takes your clinic to the next level, broadening your scope of care to encompass “sexual health” rather than simply “pregnancy services”.

PROVEN BENEFITS OF STI TESTING AND TREATMENT INCLUDE:

- Increased number of at-risk women who access your clinic
- Positive sexual lifestyle education results in prevention of future STIs and unplanned pregnancies
- Men know where to turn when their girlfriend is pregnant
- Expanded reach to sexually active population
- Men are welcomed, effectively doubling your patient reach

“The availability of the information for us to bring back to use at our clinic was over the top! They laid out the red carpet and made us feel so welcome at their training!”

—Nancy Thorne, Nurse Manager, Richland Pregnancy Services, Mansfield, OH

WORKSHOP OVERVIEW

From exploring the “why’s” of adding this valuable service to experiencing it firsthand, this comprehensive workshop includes:

- Philosophy of STI Testing and Treatment
- Promotion and Advertising
- Staffing and Job Descriptions
- Supplies and Purchasing
- Tests and Treatment
- Patient Flow
- Appointment Forms
- Mandatory Reporting
- Policy and Procedure
- Patient Education
- Documentation with Log Books
- Clinical Experience

WHO SHOULD ATTEND?

This on-site training is ideal for anyone who will be key in implementing this service in your clinic. Medical professionals and executive directors are key to the successful execution of this program in your clinic, and the training is geared primarily toward them.

COST & CANCELLATION/REFUND POLICY

The cost of training is \$250 for the first attendee, \$100 for each additional trainee, and \$100 per person for an optional additional clinic day. Tuition is to be paid in full at the time of registration. Cancellations made three weeks or more in advance of the workshop date will receive an 80% refund. Cancellations made less than three weeks will receive a 50% refund. Transfers may be accepted by Executive Director approval and may incur an additional fee. You will be provided with a light breakfast each morning, as well as lunch and refreshments on both days. Participants will also receive a Resource Manual with access to downloads of easily customized requisite paperwork needed to implement STI testing & treatment in your own clinic. Just insert your logo and go!

LOCATION

Nestled in the heart of Northwest Montana and bordered by the magnificent Rocky Mountains, Kalispell is a coveted travel destination. Glacier National Park attracts 1.5 million visitors annually, and is located just 40 miles from our facility. You may also enjoy a visit to the quaint neighboring towns of Bigfork and Whitefish. No matter the season, you will be stunned by the beauty of this area.

TRAVEL

- Book your flight to Glacier Park International Airport (FCA).
- A rental car is recommended, but not required.
- Our preferred hotel is Holiday Inn Express located at: 275 Treeline Road, Kalispell, MT 59901. Ask about the Hope Pregnancy Ministries special rate.

INFORMATION & REGISTRATION

Workshops are offered quarterly, and space is limited!

Visit www.hopepregnancyministries.org and find the registration link on the “Contact” page. For further information or questions, call 406-257-5700 or email info@clearchoiceclinic.org.

Michelle Reimer *Executive Director*

Michelle has been with Clear Choice since its inception in 2007 and holds a degree in nursing from Montana State University. The Executive Director of Hope Pregnancy Ministries, Michelle is part of the leadership team of the Women's Health Network of Montana, and has been an ultrasound training instructor for two national organizations. Michelle is well known for her poised gift of communication, and all who are guided by her instruction remark on her ability to inspire both excellence and action. As a nurse and ED, her insights into STI integration for PMCs prove invaluable.

Kayla Anderson, RN *Nurse Manager*

Kayla joined Clear Choice Clinic in April of 2019 after graduating from Montana State University with a Bachelor's degree in nursing. Kayla has always had a heart for maternal health and underserved populations, which lead her to YWAM, where she served in a birth center in the Philippines. Kayla's passion for providing excellent care in the area of sexual health has made her an integral part of the Clear Choice team. Attendees will benefit from Kayla's depth of knowledge and experience managing a sexual health clinic.
